PROFESSIONAL SUMMARY

Third-year Computer Science & Design student with internship experience in web and game development. Specializes in full-stack web applications using React, Node.js, and Three.js, combined with Blender-crafted 3D assets. Delivered two client-facing projects and a scroll-driven 3D portfolio website. Seeking an internship to contribute to real-world software products.

Education

B.E Computer Science and Design 2023 – 2027
SNS College of Engineering
Coimbatore
CGPA: 8.34

Skills

- **Frontend:** React.js, Three.js, React Three Fiber, HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Backend:** Node.js, Express.js, MongoDB, PostgreSQL, REST APIs
- **3D & Creative:** Blender (Modeling, Texturing, UV Unwrapping), GLB/Draco Optimization
- **Tools:** Git, GitHub, Vercel, Render, AWS S3

Professional Experience

Web Development Intern — Betroid | Jun 2024 – Aug 2024

- Built and deployed a responsive web portfolio using HTML, CSS, and JavaScript on GitHub Pages.
- Ensured cross-device accessibility and clean code standards using Git version control.

Game Development Intern — Lets Gametech | Dec 2023 – Feb 2024

- Developed game mechanics and AI logic using C# in Unity for a mobile game project.
- Optimized UI/UX components to improve player engagement and interface usability.

Projects

Interactive 3D Portfolio Website | March 2026 | React Three Fiber · Blender · Three.js · Vercel [🔗](#)

(March 2026)

- Built a scroll-driven 3D desk scene with custom Blender models and camera animation across 3 scroll stops.
- Applied Draco compression and texture baking for fast load times with high visual quality.

Stefan's Seafood — Full Stack E-commerce | Feb 2026 | React · Node.js · MongoDB · Vercel [🔗](#)

(Feb 2026)

- Developed a full-stack seafood e-commerce platform with live inventory and an Admin CRUD panel.
- Integrated WhatsApp order routing and resolved Vercel–Render CORS issues for production deployment.

3D Product & Environment Modeling [🔗](#)

(Jun 2025)

- Designed and textured realistic assets in Blender, including detailed traditional Indian architecture and consumer products.
- Mastered the pipeline from 3D modeling to texturing for real-world digital applications.

ACHIEVEMENTS

2nd Place — Li-Fi Ideathon

Intern2Innovate Hackathon — Built SNS Smart Campus Portal

Certificates

- Azure AI Fundamentals (2025) [🔗](#)
- Database Management Systems – NPTEL (2025) [🔗](#)
